INTERNATIONAL BIO RECOVERY CORPORATION ANNOUNCES NEW PRESIDENT AND CHIEF EXECUTIVE OFFICER

VANCOUVER, CANADA, August 21, 2007– The Board of Directors of International Bio Recovery Corporation (“IBR”) (TSX-V:IBR) is pleased to announce the appointment of Henry J. Bow as interim President and Chief Executive Officer of the Company.

IBR is focusing on building plant capacity in North America, moving forward on recent R&D breakthroughs and creating market demand for its end products. Mr. Bow will play an integral role in these developments.

Mr. Bow will be responsible for overseeing all facets of the Company’s operations and will report to the Board of Directors. He has been serving as Vice President of the Company.

Mr. Bow has a wealth of experience in all facets of business with an extensive background in finance, operations and marketing as well as strategic planning and organizational development.

About IBR

Located in North Vancouver, BC, IBR markets its technology products through the sale of licenses. The Company’s current and medium term focus is to further develop its marketing capacity to enhance technology license sales. The Company is committed to research and development to continue to improve the efficiency of its technology and the quality of Genica branded fertility products. It is further committed to developing a world wide marketing capability to ensure market acceptance of the fertility products.
