INTERNATIONAL BIO RECOVERY CORPORATION ANNOUNCES OPTIONS GRANT

VANCOUVER, CANADA, October 30, 2009 - International Bio Recovery Corporation (“IBR”) (TSX-V: IBR) an environmental biotech company with a proprietary technology to convert organic waste into environmentally progressive soil fertility products, today announced that it has granted 900,000 incentive stock options to directors and employees of the Company. The options have an exercise price of \$0.15 per share and will expire on October 30, 2014. Shares issued pursuant to this grant will be subject to a four-month trading hold period expiring February 30, 2010.

About IBR

Located in North Vancouver, BC, IBR is committed to research and development to continue to improve the efficiency of its technology and the quality of Genica branded fertility products and is further committed to developing a world wide marketing capability to ensure market acceptance the fertility products.
